

Worship Service Guide

Sunday @ 10:30am

This is our highest attended service consisting of blended congregational singing, led by our Worship Pastor and multi-generational choir. Our Lead Pastor preaches dynamic, relevant sermons in an expositional delivery to encourage and build up the church. A time of response to the service and message is always issued at the end.

Sunday @ 6:00pm

This service is similar to our 10:30 service in structure, but slightly different in music. The music is less blended and more traditional. Congregational singing covers most of the music in the service. Special events happen during this service as well, including concerts, guest preachers and missionaries, and various large-scale activities.

Wednesday @ 6:30pm

Our Wednesday prayer gatherings are warm, intimate, offer engaging teaching, and are accompanied by a dinner in the fellowship hall while school is in session. Prayer is emphasized during this mid-week pick-me-up, and deeper teaching often takes place, with much interaction by attendees.
